

Simple Chevron Crochet Shawl

Pattern by Robin Edmundson

July 2009

Hook size: H

Yarn: Fine Cotton Boucle, 4 skeins [1200 yds] by Robin J Edmundson

The pattern is done in groups of 15 stitches, so you can easily make this wider or narrower by deciding how many chevrons you want across the piece. The sample shawl is 6 chevrons wide, and took about 1100 yds of yarn, (3.5 skeins)]

Each chevron is done in a 6-3-6 pattern with 2 skipped stitches between sections [chevrons].

Row 1: Chain multiple of 15 [+4 at the very end]. 94 stitches. Turn.

Row 2: *DC in 4th stitch from end. DC in next 5 stitches [6 total]

-DC 3 in next stitch [This will make a point at the top]

-DC in next 6 stitches

-Skip 2 stitches [This will make a point at the bottom].

-Repeat the [6-3-6] pattern until end of row. Skip 2 stitches between sections.

-Chain 2. Turn.

Row 3: Skip 1 stitch. * DC in next 6 stitches.

-DC 3 in next stitch [directly over center stitch of the point in the last row]

-DC in next 6 stitches. [The last stitch of each section will be over the next to the last stitch of the section in the row below]

-Skip 2 stitches.

-Repeat from * until end of row. [You'll begin each set of 15 stitches in the 2nd stitch of the set in the row below.]

-For the final stitch of each row, you won't need to skip 2; Make sure you DC the 6th stitch in the space between the end 2 stitches of the row below.

-Chain 2 and turn for next row.

Repeat Row 3 until your piece is done. Knot, cut and weave ends in.
